Section 3 - Your Project

Answers must be concise.

TIPS:

Let your passion for the project shine through in the application

Keep your answers relevant to this project. YBF know you, our members, we know the great work that you do.

Only use historic evidence to strengthen why you are best placed to deliver THIS project.

Keep responses as short as possible

Where possible use bullet points

The word limit is as a maximum guide, you do not need to use it all.

1. What is your project? - Brief description of your project (Max 200 words) *

Hint: The who, what, when, how, to whom and why needed. Explain simply what the project is, why it is needed, who will benefit and where/when you will deliver it. Capture the funding panel member with the project information given here.

2. How you will deliver your project (including any involvement of project partners and their roles) (Max 150 words)

ALL partners listed here must complete a partnership Working Details Form found on the website

3. The project should demonstrate how it is responding to a local need, especially needs which have emerged or escalated as a result of the pandemic. Using data to evidence this. (Max 150 words) *

4. How is the project/service youth led/designed (Max 100 words) *

How do you know your young people want this project ?

5. Where will participants come from and how you feel you can guarantee you will get the attendees to this project (Max 100 words) *

For instance, who will you be working with to ensure a pipeline of participants, how will people sign up to your project?

6. What will this funding do for your organisation, that you couldn't do before? (max 100 words) *

For example, will it allow you to deliver a pilot project that you have wanted to do for a while, or in a new location?

7. Where will project be delivered? *

Section 4 Monitoring and Evaluation

The Monitoring and Evaluation (M&E) of your project is important for both you and us to assess that your project is achieving what it set out to do.

It also provides evidence of your success for you to use in your future funding applications.

Young Barnet Foundation uses your M&E reports in the following ways:

- To ensure that we're investing in organisations and projects that are making a clear and positive difference to young people in Barnet
- As evidence to help attract more funding into the Space 2 Grow fund.

We will ask you to collect the following information:

- Numbers of children/young people engaged, statistics – age, gender, etc,
- Total number of sessions held
- Total cumulative number of visits (attendees per session x number of sessions held)
- Total number of individuals you worked with (because a single individual might attend your project multiple times)
- The age range of participants
- Total number of contact hours (total no of attendees x session length)
- The split of male and female participants (approx. %)
- Demographic Data regarding your participants

We will also ask for the following:

- We will ask you to outline in about 100 words the key achievements of the project
- We will ask for a quote from one participant
- We will also for a quote from one session leader
- A short anonymous case study on one young person
- To submit at least one photo of your project (with relevant permission of any young people shown in shot or sufficiently anonymised)
- Details of any financial or numerical variation

You will be asked to submit the information online no later than the 15 days from the completion of the project. This is because at the end of this round of funding we have to provide a report to the funder. It's really important that you set aside the time to do this at the end of the project. If you don't return your M&E in time, this might affect your organisations ability to bid for future rounds of Space2Grow funding.

We may ask for details on the budget spend if vastly different to the application form

We agree to the Monitoring and Evaluation requirements *
